

HUGHES BOOM IS EXPANDING

Reports Reach Washington Indicating Growth of the Movement for Justice

HADLEY SWINGS INTO LINE FOR HIM

Former Governor Head of the Delegation from Missouri

Washington, May 12.—Hughes supporters in Washington yesterday were expressing satisfaction over information they had received from various sources in the West indicating growing strength for the Hughes candidacy. More than ever they insist that, unless Justice Hughes eliminates himself, he will be the Republican nominee for president.

Among the reinforcements for Hughes is former Gov. Hadley of Missouri. Information reached here yesterday through men intimate with Hadley, that he is for Hughes and will do what he can to throw the Missouri delegation to the justice. Hadley will be chairman of the Missouri delegation, and therefore is in a position of much influence. Senator Weeks will get some support in Missouri, but it is the understanding here that a majority of the delegation is for Hughes.

From Wyoming, Utah and Idaho come reports that those delegations are strongly inclined to Hughes. Senator Clark of Wyoming has been in the state this week to make the keynote speech at the Republican state convention—where it is said strong Hughes sentiment was developed.

The delegations from Wyoming, Utah and Idaho will not cut much figure numerically in the convention, of course; but the drift of sentiment to Hughes in those states is regarded here as indicative that the political influences which are working for him are making themselves felt. In other words, there no longer can be any serious question that the Hughes candidacy is formidable.

A lot of political talk is going the rounds to the effect that the opponents of Roosevelt have been using the Hughes movement to head off the colonel, and now, believing they have headed him off, are trying to kill Hughes. Evidence is not lacking that such an effort is under way. How far it will succeed is conjectural. It does not appear that it has been successful in those parts of the West already mentioned.

Bearing on the effort to kill off Hughes is the story of the promise which Senator Penrose is said to have given in a New York conference attended by some of the friends of Fairbanks, to throw the bulk of the Pennsylvania delegation to the Indiana candidate. The activity for the Root candidacy is viewed in many quarters as a scheme to kill off the Hughes boom.

WEAK AND TIRED WOMAN

Tells How Vinol Made Her Strong

Barre women who are weak, run down and suffer from the consequent effects of such a condition, will be interested in Mrs. Odell's letter. She says:

"I am a farmer's wife and was all run down, weak, tired, and suffered from indigestion, and sometimes it seemed as though I could not keep around and do my housework. I had taken many medicines without benefit. One day I saw Vinol advertised, and made up my mind to try it. I have taken four bottles and have gained seven pounds in weight, am much stronger, and feel many years younger than before." Sarah Odell, Lockport, N. Y.

The reason Vinol builds up weak, run down women so quickly is because it contains a delicious combination of the three most successful tonics, peptonate of iron to enrich and revitalize the blood, the strength-creating, body-building elements of fresh cod's livers without oil, and beef peptonate.

We want to say to every weak, run down, overworked woman in Barre, that we will return your money if Vinol fails to help you as it did Mrs. Odell.

180 CIVILIANS KILLED.
More Than 600 Wounded in Irish Revolt—14 Rebels Executed, 79 Sent to Jail.

London, May 12.—The number of casualties among civilians in the uprising in Ireland up to May 9 was given by Premier Asquith in the House of Commons yesterday as 180 killed and 614 wounded. Fourteen persons have been executed in Ireland, Harold J. Tennant, parliamentary under secretary for war, told a questioner in the House of Commons yesterday. Seventy-three persons have received sentences of penal servitude and six of imprisonment at hard labor, the under secretary added.

WANTS A LOAN OF \$30,000,000

Would Be Used for Central Vermont's Rehabilitation

AND COMPLETE SOUTHERN N. E.

Plan in the Public Interest, Says McLeod of Massachusetts

Boston, May 12.—"Any constructive plan intended to lead to improvement and rehabilitation of the Central Vermont and to put the Southern New England into commission is decidedly in the public interest," said Chairman McLeod of the public service commission while testifying before the committee on railroads yesterday. "As it stands now, the Southern New England is a blot upon the landscape and serves no useful purpose."

Mr. McLeod made this statement while speaking on the proposed acquisition by the Central Vermont Railway Co. of the shares of the Southern New England railroad now held by the Grand Trunk railway. To accomplish the desired purpose, Pres. E. C. Smith of the Central Vermont introduced the two bills heard yesterday morning. One would authorize the Central Vermont to acquire and the Grand Trunk to transfer the Southern New England, and the other asks for legislative sanction of a \$12,000,000 mortgage of the New London Northern railroad to the American Trust Co., made by the Central Vermont in May, 1889.

Chairman McLeod said that the general proposition of the transfer of the Southern New England was acceptable to his commission. Still, he asked for an extension of time for a few days so that the details of the bills might be studied before the commission committed itself regarding the form of the bills.

Thomas W. Kenefick conducted the case for the Central Vermont. With regard to the mortgage bill, he said that at the time of the execution of the mortgage of the New London Northern, it was not considered necessary to secure legislative approval under the circumstances. A loan of \$30,000,000 is being negotiated for with New York bankers for rehabilitation of the Central Vermont, he said, and the bankers wish to have the New London mortgage validated by the legislature.

Part of the \$30,000,000 is to be used to complete and equip the Southern New England if the transfer to the Central Vermont is accomplished, he said. The Grand Trunk is and has been unable for several reasons to finance the Southern New England construction and operation. Under the proposed plan, the securities of the Southern New England will continue to be guaranteed by the Grand Trunk, inasmuch as the Grand Trunk controls the Central Vermont through stock ownership.

Pres. Smith and Atty. John W. Redmond made brief statements in support of the bill and the hearing was closed after an invitation for opponents to speak met with no response.

PREMIER ASQUITH GOING TO DUBLIN

British Prime Minister Feels It His Duty to Go to Irish Capital.

London, May 12.—Premier Asquith announced in the House of Commons yesterday afternoon that he felt it to be his duty to go to Dublin.

THINKS "PORK" ERA IS PASSING. But Not Gone Yet, So Kenyon Continues Filibuster.

Washington, May 12.—Starting on the third day of his filibuster against the \$42,000,000 rivers and harbors bill, Senator Kenyon of Iowa declared the "pork barrel" era was as guilty of "pork barrel" as their congressmen and senators.

"That's why we have appropriations annually for tadpole ditches, canoe harbors and streams without enough water in them to float a baby mud turtle," he said.

Mr. Kenyon added that he believed the day when constituent thought the best congressman the one who could get the most "pork" was passing.

Senator Works of California aided Senator Kenyon in his time-killing campaign yesterday.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

U. S. PEACE MOVE URGED BY POPE

Manager Bonzano Asked President Wilson to Take Initiative Now, Is Report.

Rome, May 12.—Though no information is obtainable from the Vatican it is generally reported in Rome that Pope Benedict, through Manager Bonzano, apostolic delegate to Washington, has requested President Wilson to initiate a movement for peace.

It is rumored here that France alone of all the belligerents is not now inclined to make peace.

[The above cablegram from the Rome bureau of the United Press was transmitted through Havre, and therefore passed through the hands of both the Italian and French censors. The very fact that both censors permitted the cabling of the statement that it was rumored in Rome that all the belligerents except France are now inclined toward peace may be of the highest significance as indicating the attitude of the allies toward the peace hint contained in the German reply to President Wilson's submarine note.]

186 GOOD, LIVE INDIANS.

They Will Become on Saturday Full-Fledged Citizens of the United States.

Washington, May 12.—The United States will gain 186 new citizens Saturday. They are Sioux Indians of Yankton, S. D. Secretary Lane was on his way there yesterday as the personal representative of the "Great White Father" to conduct the services. Incidentally he will present the Indians with patents to their allotted lands.

The action will mark the first real step in Secretary Lane's policy of giving all competent Indians full control of their individual affairs and placing them upon the same legal standing as all other American citizens.

A feature of the ceremonies will be the presentation by Secretary Lane to each Indian of a leather purse, a small American flag and a golden colored badge bearing the inscription "A citizen of the United States." He will then greet each Indian by his "white" name and the ceremonies will be ended.

BASEBALL NOTES

The Philadelphia North American regards the war situation as follows: "The end of the fifth. Germany one run ahead and the Kaiser praying for rain."

The Giants can't lose more than 136 more games before the world's series.

Philadelphia in the American league and New York in the National league both won yesterday. Both were at the foot of the list and will have to win several more games before they look very dangerous to their opponents.

summer is really here see the batting averages of Frank Baker, Eddie Collins, Stuffy McInnis and Ty Cobb. These will show how far the season is advanced.

It is reported that Charlie Weegman has instructed his scouts to look over Rich and Egg a Newark semi-professional battery. Even if he could use the pitcher some say that the latter would have to scramble for a place on the Cubs.

Williams of Dartmouth is described in one paper as the most brilliant pitcher that has been seen against the Yale team in New Haven for several years. Whether or not this is true it is certain that a man who allowed his opponents only four hits, struck out four men, accepted five fielding chances without an error and got one of the eight hits credited to his team must have played a mighty good game. Nelson Brown, also of Barre, is making good on the Dartmouth freshman team.

Philadelphia has been ousted from last place by St. Louis.
